Charles Knox Polk

Died-At his home, Marble Creek Iron County, Mo., Friday, April 23d 1915, at 2:35 o'clock A. M., Charles Knox Polk, aged 75 years, 6 months and 7 days. Funeral from Liberty Church, Sunday, 25th.

Deceased was born in Madison ounty in 1839, long before the formation of Iron county, and with the exception of eight years, was a lifelong resident of Missouri. Four of those eight years he spent in the Confederate service; two in Arkansas, and two in California. He was thrice married: first, to Miss Ellen Christ of this county, who died before the war: next to Mrs. Rhoda Emerson, in Arkansas, 1864; and, after her demise, to Miss Harriet J. Sharp, of Madison county, in 1877, who survives him. To these unions were born eight children, seven of whom survive: C. H. Polk, Mrs. Hattie Boatner, Mrs. Euseba Yount, Annie Polk, Mrs. Lula Thomas, Thos. B. and Laura Polk. The eighth, John W. Polk, was killed ten years ago while in the discharge of his duty as sheriff of this county.

Chas. K. Polk was a man respected and loved by all who came to know his sterling worth and unquestioned integrity. He met the requirements of duty as a citizen, soldier and Christian, and reared a family which reflects the virtues of the father. His passing adds another to the long and too rapidly growing list of the oldtime friends now "gone before," whose places are taken by a generation unknown to the earlier days we older folk hold in longing memory. Bright with springing life and bouyant hope they were, and the end afar! But now the vails are at hand, and right soon we shall all know the secrets hidden beyond, as they stand revealed to him. May the greeting, "Well done, good and faithful servant," be as deserved to us as to Chas. K. Polk.

To the members of the family mourning the loss of husband and father, the community, as well as myself, extend condolence, and trust their grief may be assuaged in the contemplation of the good he did while here, the fruits of which do not die with him.

While in the Lead Belt last week I was sitting on Mr. Jones' store porch. Across the railroad in front of his store, a large new school has been built at Esther, Mo., adjoining Flat River mines. This is a fine two-story building (brick) with furnace heat. It cost \$30,000. Over 600 children in attendance, and it is on a hill overlooking the whole country and I saw 600 children, boys and girls, playing and romping over these grounds. It brought back my boyhood days. Sixty-five years ago I was like them seeing my happiest days. Little did I think what I had to go through in this cruel world and the horrors of the Civil War.
